## City Council Has Quiet, Short Session

A Resolution urging the defeat of the San Francisco Bay Area Transit Bond Issue was passed unanimously, with no discussion in the question, by the Albany City Council at the general week-meeting Monday night, September 17.

The session, quiet and brief, appointed Mrs. Eda Dupin as a School Crossing Guide; allocated the budgeted sum of \$200 to the Albany Junior Chamber of Commerce for the City float in Berkeley's Parade of Lights, Friday evening, September 21; denied the claim of Lynn Bodinger, 1841 Addison Street, Berkeley, for personal injury damages; held over for one week the proposed revision of Albany Code, Section 24-1 pertaining to construction of sidewalks in parking strips; and granted a permit to American Legion Post No. 292 so that civic groups can join them in the sale of flags accomplishing their program, "A Flag Displayed from Every Home in Albany on Thanksgiving Day."

The Council adjourned at 8:30 p.m.

## Knock Out Polio Sunday At Albany High Auditorium

### Bulletin

Dr. Edward B. Shaw, member of the Surgeon General's Advisory Committee on oral polio vaccine and chairman of the Bay Area K.O. Polio campaign, says: "The Advisory Committee on oral vaccine has again reviewed the complete evidence that Sabin oral polio vaccine is the best possible means of preventing polio. The committee strongly recommends to the Surgeon General that mass immunizations continue as planned, with Types I, II, and III Sabin vaccine, with special emphasis on pre-school and school age children."

### AN END TO FEAR

Science fiction assumes reality with news from the scientific world focusing on the far reaches of space and the stars. Suddenly, a day has come when man looking at man says: "In this modern miracle of conquering the galaxy, they have not forgotten us." Such a day is this Sunday, fittingly the Lord's Day of reverence and compassion.

Fear walked once in every home during the epidemic season of Poliomyelitis. As the statistics of the stricken rose, a mother would pray: "Dear God, not this house, please." Too often fear turned into the actuality of an ugly crippling monster. Sunday morning, at the church of your choice, you can give thanks that a physically destructive disease has been conquered.

Then, when you go to the Albany High School Auditorium, a cube of sugar with three single drops of colorless liquid will carry the answer to prayer and the assurance of men of science who keep their eyes not only on the heavens but also on earth. The proof of this is yours and with it is the unspoken message: "Stand tall and walk in strength. This is our heritage to you."

Final preparations are being made for Albany's K.O. Polio Clinic to be held at the Albany High School Auditorium, 603 Key Route Boulevard, on Sunday, September 23, 1962. The hours of the clinic will be from 11 a.m. to 7 p.m.

The many clinic volunteers will be attending an Orientation meeting this week to learn the details of their duties and to receive last minute information about the K.O. Polio Program.

Albany residents are urged to take just a few minutes of their time next Sunday to receive the life saving vaccine. The clinic layout is geared for fast service. It is expected that a person will enter the clinic, receive his sugar cube with vaccine, and be leaving the clinic exit in approximately five minutes.

For especially fast service, Albany citizens should bring a filled-out registration form with them to the clinic. An entire family may register on one form. Registration forms are available in today's Albany Times and will also be distributed door to door by the Boy Scouts.

The goal of the Bay Area K.O. Polio Program is to give oral vaccine to every man, woman and child over the age of three months in order to eliminate once and for all the threat of polio in our community.

## Civic Groups Volunteer Aid

Albany civic groups, PTA's, Alameda County Nurses and local doctors will be well represented at the Sunday KO Polio clinic at Albany High School.

Nurses recruited by the Alameda County Nurses Association will be: Frances Tilbury, Freda Hanell, Phyllis Reichle, Esther Springer, Gladys Miller, Marietta Harvey, Joanne Taylor, Blanche Madera, Ann Calais, Mildred Finney, Jackie Fleming, Donna Eadie, Lenore Carter, Norma Carr, Polly Gleason, Nancy McFarland, Marie Conny, Rita Kenway, Joan DeSanto, Iris Doty and Sandra Unruh.

Members of the Albany Scorpions Club who will act as tabulators will be: Irene White, Bertha Welte, Helen Fake, Myrtle J. McLean, Flora Muzio, Gertrude Filicetti, Annette Stallone and Susan S. Reckas.

East Bay Medical Assistants Association is sending Frances Costa, Lucy Doi, Kathleen Donahoe, Nina Zeitler and Lena Young to handle the vaccine preparation.

The five Albany PTA units will be represented by Marge Egger, Willita Faulkner, Marion Wolf, Lillian Ball, Betty Heath, Lala Hazarabedian, Ruth Ganong, Marjorie Hoffman, Mae Brandt, Bernice Johnson, Velma Millard, Gerrie Robbins, Fern Luoma, Mary Hartung, Adele Bachman, Sue Winship, Betty Gaunt, Olga (Continued on Page 4)

## YOU ASKED US

The Albany Times has received many questions about Sabin vaccine. As a public service, we are publishing some of the questions and the answers that were supplied by the Bay Area Medical Association Committee.

QUESTION: I've never heard of Sabin oral polio vaccine until this K.O. POLIO campaign. Is it a new drug?

ANSWER: Sabin oral vaccine is certainly not new. It has been given safely to over 300,000,000 people throughout the world. It received one of the most thorough testing programs ever given a drug product by the U. S. Public Health Service, before being licensed. Recently the U. S. Surgeon General, Luther L. Terry, lauded Sabin oral vaccine as a "safe and effective weapon" against the polio disease.

QUESTION: Should I take Sa-

bin vaccine if I'm ill?

ANSWER: Not during the active state of your illness, but do take your first dose as quickly as your doctor tells you you have recovered. Patients recovering after an operation or injury, diabetes, people with allergies, pregnant women can all take the Sabin oral vaccine safely.

QUESTION: Is there any evidence that mass immunization with Sabin vaccine can really eradicate polio?

ANSWER: There is. Everyone in Hungary was immunized two years ago. There hasn't been a case since.

QUESTION: Being a diabetic I must watch my sugar. It has me worried about taking the Sabin polio vaccine on a sugar cube. What should I do about this?

ANSWER: The very small amount of sugar taken with your drops of Sabin oral vaccine will do you no harm, or will the vaccine affect your diabetes. Sugar is used for the vaccine only as a matter of convenience. If you prefer, it is perfectly all right to take the drops directly in the mouth — with a dropper — without any sugar. In any event, this presents no problem and you should take the vaccine for permanent protection from polio.

QUESTION: What does the U. S. Government health authorities have to say about the K. O.

POLIO program and Sabin vaccine?

ANSWER: Luther L. Terry, U. S. Surgeon General, has called upon every citizen in the Bay Area to take part in the upcoming K. O. POLIO program. He lauded Sabin oral polio vaccine as a "safe and effective weapon" against the disease. Dr. Terry recently stated, "I hope all citizens in the Bay Area will take full advantage of this opportunity to protect themselves against this crippling and killing disease."

QUESTION: Will the Sabin liquid oral vaccine taste bad?

ANSWER: No — not unless you dislike the taste of sugar. You will experience no other taste than that of the sugar lump onto which the vaccine will be placed.

QUESTION: Is anybody too old to run the risk of catching polio?

ANSWER: Nobody is too old (Continued on Page 3)

Albany Land Purchased By Safeway

The necessary land today was obtained for the eventual construction of a new 22,000 square foot Safeway store in Albany.

It will be located on the southwest corner of Solano Avenue and Neilson Street. The store is expected to be open by next July.

Jerome Blank, Albany realtor, negotiated the sale and assembled all 13 parcels of land that were necessary to comprise the building site. He began his negotiations five years ago.

In order to acquire the key Solano Avenue parcel for the site, a three-way exchange was involved. Blank, for instance, exchanged an Albany apartment house for the former Wilshire service station that was located at Solano Avenue and Neilson Street, with the new owners exchanging the ownership house for one in Oakland. The latter exchange was handled by James D. Glenn Jr., president of the Berkeley Realty Board.

The Albany City Council recently approved the necessary zoning requirements for the new supermarket.

Architects for the new store are Wurster, Bernardi and Emmons of San Francisco. Blank said the supermarket's landscaped area will provide off-street parking for 100 customer cars, as well as a 20-car parking lot for Safeway employees.

Loading operations will be screened off from residential streets and trash will be stored inside the building until hauled away by trucks entering from Solano Avenue.

Construction of the new market is expected to start early next year, Blank said.

**Polio Questions**

(Continued from page 1)  
or too young to be immune to a polio attack. This is why we physicians are strongly urging that everybody take all three Sabin doses, from children over three months to the eldest citizen. For children under 3 months, ask the advice of your personal physician.  
**QUESTION:** I have a weak heart. Should I take the Sabin oral vaccine?  
**ANSWER:** There is no physical ailment which should prevent anyone from taking Sabin drops on a sugar cube. Patients recovering after an operation or injury, diabetics, pregnant women, people of any age, sex or with any allergy can take Sabin safely. Anyone who is actually ill should postpone taking the vaccine. If you are in any doubt, seek the advice of your personal physician.  
**QUESTION:** We have had very few cases of polio in San Francisco for the past several years and only one case in 1962. Does this mean that the Salk vaccine has already practically eliminated the disease?  
**ANSWER:** It could mean this but equally it could indicate that in a community where there has been very little epidemic polio that we may have a highly vulnerable population in which an epidemic might spread with great rapidity. There is no way to test this matter so it is better to attempt universal immunization

without awaiting the possible outbreak of the disease. Remember that the single case in 1962 was fatal.  
**QUESTION:** I thought that the Salk polio shots had eliminated polio. Why should I take Sabin oral polio drops?  
**ANSWER:** The Salk shots have done much good. However, there is conclusive evidence that while the number of mild or non-paralyzing polio cases dropped after the Salk shots were widely used, the percentage of paralytic cases — which really are the most meaningful cases — rose dramatically. From files of a noted polio physician these statistics are related: Among one group of people who took three or more Salk shots the overall incidence of paralytic and non-paralytic polio dropped from 5,108 in 1959 to 793 in 1961. Yet the percentage of cases which resulted in paralysis almost doubled; 15.3 per cent in

1959 to 30.2 per cent in 1961. Sabin vaccine is the only vaccine that offers you complete protection against the paralytic form of polio.  
**QUESTION:** Is this idea of 3 distinct types of polio virus something new? You say Sabin vaccine protects against all three types.  
**ANSWER:** Yes. All three types of polio virus are far more widespread and prevalent than had been earlier believed. It is likely that the average American has been infected with any one or all three before reaching the age of 40 and many children have had all three by the time they are 10 years old. How can this be? The answer is that the usual infection does not lead to death or paralysis. But the virus is extremely contagious and spreads from person to person with ease. It is now thought that several million infections occur in the United States every year. The saving factor is that most infections, though potentially deadly, never get off the ground. The Sabin oral vaccine will neutralize your system — actually protect you from getting any of the three known types of the disease — and just as vital, will protect you from being a polio carrier to your family and others. That is why everyone should take the Sabin vaccine on K. O. POLIO Sundays.  
**QUESTION:** Why can't we take a single dose of Sabin vaccine?

## Fashion Design At Cornell Monday Evenings

Of particular interest to those who make their own clothes or are interested in fashion design, two classes in Pattern Drafting, taught by Annette Allen and open to both Albany and non-Albany residents, are available this quarter at the Adult Center. They include classes for beginning students, one day and one evening, and an evening class for those who have completed the elementary course.

A class for beginners will be held on Wednesday afternoons, 1:15 to 3:15, at the Cornell School cafeteria, 919 Cornell Avenue; a more advanced class, Monday evenings, 7 to 9, at the Albany High School building, 603 Key Route Blvd.

In the first sessions of the beginning classes, students will take their own individual measurements and construct a basic dress pattern in muslin. From this basic model, more complicated patterns can be designed, redesigned, and altered for individual fit and suitability. In succeeding classes, the technique of making patterns will be taught; and class members will learn how to move darts; add pleats; and fashion decorative sleeves, yokes and collars.

## Fire Department Frees Lisa

What do you do when your three and a half year old guest locks herself in the bathroom and can't get out. This was the question Mrs. Gifford, 1030 Pomona, asked herself when her granddaughter Lisa Schoenitzer did just this Tuesday, September 11. The logical answer was to call the Albany Fire Department. They were called, went in through the window and freed Lisa.

Other calls during the week were: a leaking water heater reported by Mrs. Hardesty, 1034 Clay, September 14; a water heater fire reported by Mrs. Isabel Westergaard, 1113 Portland, September 15; and an inhalator call from Golden Gate Fields for Alvin Groderick of Louisville, Ky., September 15. He was taken to Golden Gate Fields Hospital.

## Lelana Baum In Accident

Instead of a shiny red apple, on her first day of teaching bright-eyed second graders, Lelana Baum, 1049 Ordway, received four fractures in her right foot when her car hit an oil slick in San Bruno, Wednesday, September 5, and severed a light pole.

Miss Baum is back in the schoolroom at the Carl Sandburg Elementary School, even though her foot is in a cast. She was a graduate of Marin, Albany High School, and San Francisco State. She is the sister of Lorene Baum, currently Miss Albany.

## Mrs. Fern Luoma Assistant For Democratic Drive

Rhoda Warne, Chairman for the Dollars for Democrats Drive in Albany, September 21, 22, and 23 announces that she believes every one of the 40 precincts in Albany will be covered. If this is achieved, it will set a record for precincts covered, and will produce more money than has ever been raised before in Albany.

During that weekend, volunteer workers will contact their fellow Democrats asking them to give a Dollar or more as their contribution to the Democratic Party.

Mrs. Warne has appointed Mrs. Fern Luoma her assistant. Others working to make Albany's Dollars for Democrats Drive an outstanding success are: Mrs. Ruth Young of the Northbrae Democratic Club; Robert A. 'Bob' Profet, one of the two Alameda County Democratic Central Committee members from Albany; Richard L. Williams, coordinator of the Democratic campaign in Albany; Dick Clark, Alameda County Chairman for Dollars for Democrats and for the Democratic campaign.

Any Democrat wishing to help in any way on the Dollars for Democrats Drive is asked to contact the Albany Democratic Headquarters, 904 San Pablo Avenue, LA 4-8335 or Rhoda Warner, LA 5-5947.

**"Pardee can't save that water: Camanche will!"**

Pardee Reservoir and Dam can't hold all the water in the Mokelumne River. Over half of it now flows into the ocean... unused. When Camanche Dam, in the Sierra foothills, is completed in 1964, it will capture and store most of this lost water for down-stream users. Camanche's completion will double your supply of pure mountain water. It's all part of your \$283-million Water Development Program.

## The Law And The Fire Department

By Capt. Richard T. McSheehy

The responsibility of citizens  
regarding fire out of control is  
governed by legal laws which  
have been enacted for the protec-  
tion of life and property. The law  
of common sense and practice for  
the safety of our neighbor is by  
far the most desirable but be-  
cause of the complex society in  
which we live today experience  
insists on definite wording in the  
law to cover particular areas.

Attention is directed to those  
in Albany who use incinerators.  
One must first have a valid per-  
mit to legally burn in an ap-  
proved unit. After this is secured  
from the Fire Prevention Bureau

it allows the use of the incin-  
erator but the City of Albany as-  
sumes no liability for any injur-  
ies, loss of life or damage to  
property from fire which may  
occur through any action of the  
person or persons operating un-  
der the provisions or regulations  
of the permit.

Section 1309 of the California  
Health and Safety Code reads:  
"Every person is guilty of a mis-  
demeanor who allows a fire  
kindled or attended by him to es-  
cape from his control or to  
spread to the lands of any person  
other than the builder of the fire  
without using every reasonable  
and proper precaution to prevent  
fire from escaping."

"We hope," says Mrs. Robert Brower, President of the Council, "that everyone in the Bay Area will be watching 'The Road to Button Bay'. We are sure it will be an enjoyable hour and we think it will give many people a new appreciation of what Girl Scouting means to our teenagers."

Local girls who attended the Roundup are Andrea Wolf from Albany, Nancy Cooney from El Cerrito and Laurel Coates, Kathie Donald, Deanna Dwight, Sue Eggling, Nancy Foote, Lynn Giberson, Kay Hamre, Tanya Helgesson, Sue Johnson, Sue Stamps, Ann Yonemura and Rosemary LePape of Berkeley.
